

**People value the past. Communicating history through heritage is immensely satisfying as it brings these values to life.**

## Patrick Atkinson Heritage Consultant

Patrick Atkinson, GML Heritage Consultant, has a background in heritage place management and history. He holds a Master of Museum and Heritage Studies from the Australian National University and a Bachelor of Arts majoring in History from the University of Sydney.

Prior to joining GML, Patrick worked as an intern at ACT Historic Places and ANU Heritage. He gained valuable experience providing heritage advice and writing heritage and cultural landscape management plans for historic places and landscapes across the ACT.

Since joining GML Patrick has further developed his skills in archival research, heritage management, and policy making. He has a passion for public history and heritage management.
